THE SHOMAKER IMBROGLIO.—Thus far we have not taken any part—nor do we intend to—in the controversy going on in regard to certain charges of malfeasance in office, made against Col. J. H. SHOMAKER of Detroit. The result will show whether he is or is not guilty of the charges made, and it is right that he should stand or fall, on his own merits. Next week we shall publish his statement, which first appeared in the Jackson Patriot.

At present we are not prepared to believe all that has been represented in regard to the "irrepressible conflict" going on between Democratic politicians of the city and country, concerning this and other matters. Having no "axe to grind," we probably do not see "through a glass darkly," as do some of our more mercenary brethren of the country press. *Nova Veritas.*

LET US HAVE A FAIR.—Inasmuch as Fairs, Horse Shows, Agricultural and Mechanical Exhibitions are now the order of the day in all quarters of the State, and every other State for that matter, we ask why it is that we cannot get up something of the kind in the Valley of the Saginaw? Let this and some of the adjoining counties unite in starting it, and we believe an exhibition could be gotten up which would fully equal those of many of the older counties.

Let us have a Fair of our own that will do us honor. The objection, that the agricultural interest is comparatively small, was urged at the time of starting the St. Clair County Agricultural Society, and yet the most interesting Fair we have ever attended in Michigan was the one held at Port Huron three years ago this fall. We make the suggestion; will not some of the leading men in the Valley take hold of the matter and see what can be done?

APPOINTMENTS OF THE M. E. CONFERENCE.—The Detroit Conference of the M. E. Church which has recently been in session at Pontiac made among others the following appointments for the ensuing year.

FLINT DISTRICT.—J. S. SMART, P. E. Flint—J. A. Bangham. South Flint—Thomas Seely. Flushing—A. J. Bigelow. Mt. Morris—To be supplied. Genesee—R. H. Crane. East Saginaw—H. N. Brown. Saginaw City—Wm. Fox. Midland—Alanson Herrick and S. M. Leet. Bay City—Erastus Klumph. Tuscola—J. O. Bancroft and Wm. Denning. Forest—Robert Johnson. Hadley—Wm. Mottersill. Goodrich—H. Hood. Clarkston—G. N. Belknap. Holly—Isaac Crawford. Grand Blanc—J. S. Sutton. Rev. John Russell goes to Pontiac.

THE STATE FAIR, at Detroit last week was in all respects a success; the show in almost every department being better than the last year, and the receipts exceeding those of any former year by a very considerable sum. Our chief delight, however, during a very brief stay in the City was the Regatta; and inasmuch as the yacht *Julia*, in which we were interested, fully redeemed herself from all her former bad luck, we felt in duty bound to feel good over the result. "By-the-way" the *Julia* made decidedly the best time of any yacht in the fleet of eight, and though last to turn the stake, came in third at the score, taking the \$500 dollar prize. Next season she will visit Saginaw waters, on which occasion we propose to invite such of our friends as like the sport, to take a cruise in her on the Bay.

MERCHANTS ARRIVING.—Our merchants and traders are now daily receiving their Fall supplies. The Goderich line takes the lead in the freight business, and the *Kaloolah* comes loaded every trip with piles upon piles of light and heavy goods. Six days from New York is all the time required by the Goderich route, and goods are all received in the best of condition. The completion of the Flint and Pere Marquette Railway to Flint will make this one of the best paying routes in the West. So mote it be.

GRAND HUNT.—There is a proposition on foot among the sporting men of this section to get up, sometime during the next fortnight, a grand hunt; the parties to be divided equally, and the losing side to pay a supper at the Baneroff House.

POPULATION OF PORT HURON.—A late census shows the population of Port Huron to be 4,031; of this number 2,266 reside on the north side of Black River, and 1,765 on the south side. Of the entire population 1,855 are of foreign birth or the children of foreigners. The whole number of scholars entitled to draw public money is 1,207.

THE UPPER PENINSULA ELECTION.—The election returns from the Upper Peninsula, seem to leave little doubt that Jay A. Hubbell, Esq., has been elected District Attorney for that Judicial District.

SUCCESS OF THE LAST FRANKLIN EXPEDITION.—The Steamship Canada brought the welcome intelligence that the screw steamer Fox, Capt. McClintock, sent by Lady Franklin to the Arctic regions in search of Sir John Franklin's expedition, has returned to England, having been completely successful. At Point William, on the northwest coast of King William's Island, a record was found, dated April 25, 1848, signed by Capt. Crozier and Fitzjames. The record says that the Erebus and Terror were abandoned three days previously in the ice, five leagues to the north-west, and that the survivors, in all amounting to one hundred and five, were proceeding to Great Fish River. Sir John Franklin had died June 11th, 1847, and the total deaths to the date had been nine officers and fifteen men. Many interesting relics of the expedition, on the western shore of King William's Island, were obtained from the Esquimaux, who stated that, after their abandonment, one ship was crushed in the ice and sunk, and the other forced on shore, where she remained.

INDIAN NAMES.—The Indian name for East Saginaw is: Mil-tig-wah-bok-ook—Hickory Sand.

Saginaw City.—Kuh-pash-shi-win-ging—A place to encamp.

Bay City.—Nash-ko-tay-yong—Projecting Plains.

PIONEER FIRE CO.—At the regular meeting of Pioneer Engine Co. No. 1 held at their Engine House, Wednesday, Oct. 5, 1899, the following officers were elected for the ensuing year:

Foreman.—JAMES F. BROWN. **1st Asst.**—A. PERGUSON. **2d Asst.**—T. W. HAWLEY. **Sec'y.**—J. W. HOWARD. **Treasurer.**—GEO. C. SANBORN. **Foreman Hose.**—J. E. MERSON. **JAMES F. BROWN, Foreman of Engine Co., and J. E. MERSON, Foreman of Hose, were re-elected last year.**

Senator Broderick Killed in a Duel by Judge Terry!

The overland California mail, with dates from San Francisco to the 16th ult. which arrived at Jefferson City this afternoon, furnishes the following important intelligence:

A duel between Senator Broderick and Chief Justice Terry took place near San Francisco on the morning of the 13th ult. Senator Broderick fell at the first shot, pierced through the lungs. He lingered until half-past nine o'clock on the morning of the 16th, when he died. The community is profoundly agitated by this melancholy event. Judge Terry escaped unhurt.

PORT SANILAC & WATSONVILLE STATE ROAD.—We understand that work is to be resumed on this road during the present week by the contractors who had the heaviest job last season. With the force they employ, their contract, ditching through the big swamp, will probably be completed within the present month. The ditches, as opened last season, have become partially filled in places with quick sand, which will have to be removed to make way for the water. It is to be hoped that this road will be speedily opened up through the county. —*Sanilac Jeffersonian.*

WOLF.—Howe & Farr had on exhibition at our County Fair last week a young wolf, aged about four months. They obtained a pair of the pets a short distance above Forest, but during their transport over the road, the wolf heard from. The one exhibited was very wolfish in appearance and quite so in actions, occasionally snapping at those who came near him. —*Sanilac Jeffersonian.*

SHIPPING FROM THE SHORE.—Mr. Howe reported six vessels loading with shingles, bolts and bark from the shore, aside from those at the docks, between this place and Forest on Friday last; a slight indication of an improvement in business. The prospect now is, that all the lumber, shingles, lath, bolts and bark will be early shipped this fall. —*Sanilac Jeffersonian.*

SENATOR BRODERICK.—This ill-fated gentleman was born in Washington City in December 1819, of Irish parents. In 1858, he ran for Congress in the Fifth District of New York, but was defeated. He sailed for California in 1849. He was a member of the Constitutional Convention of that State, and also a member of the State Senate for two terms, being elected President and for a short time acting as Governor. He made an effort for the U. S. Senate, first in 1853, but was not elected until 1857. He leaves no relatives to mourn his fate.

A SEA LION IN THE STREET.—While the proprietor of the Pacific Museum was moving his establishment through the streets of San Francisco, by some neglect of his employees the cage which held the sea lions was not properly secured, and at the corner of Kearney and California streets, the largest lion, a monster of about 1,000 pounds avoirdupois, leaped out of the wagon and began wiggling down the street towards the bay. The spectacle attracted a large crowd, and the animal progressed to their delight and wonder about 200 yards, when a person versed in sea-lion philosophy caught up a stick and knocked him over, and he was secured.

DEATH OF AN OLD INDIAN CHIEF.

The Great Spirit has released another of the aborigines from his earthly tenement, and taken his spirit home. "Condeacon," the oldest chief of the Ontonagon band, died last week. He was nearly 100 years old, being quite a lad and remembering well the first mining enterprise undertaken in this country, near the forks of the Ontonagon and in the vicinity of the famous "copper rock." This mining was done under the superintendence of Alexander Henry, in 1771, at which time the subject of our sketch was about ten years old. In the early part of the present century, he had a terrible encounter with a black bear, near the American landing, some twelve miles above the village, the marks of which he carried to his grave. When found on the bank of the river, he was almost dead, the flesh being so torn from his back and sides as to expose the bones and ribs in several different places, and life was despaired of for some days, but his iron constitution finally overcame wounds which any ordinary man must have sunk under, and he recovered. His antagonist, a full-grown bear, was found dead but a few rods from where the old chief was picked up, his body being pierced in a number of places, and finally through the heart, by his mortal combat.

Peace to the ashes of as noble an Indian as ever threw a tomahawk or paddled a canoe.

HON. JOHN H. HARMON.—This gentleman has been nominated by the democrats of the city of Detroit as a candidate for Mayor. The nomination is one which is gratifying to the democrats of the whole State, to whom Mr. Harmon is universally known for ability, his straightforward integrity, his political sagacity, and his business acquirments. The democracy of the west tender their congratulations to their brethren of the city, and now look to them for a triumph which will infuse a spirit of enthusiasm throughout the democratic party. —*Marshall Examiner, Oct. 6.*

At the Cincinnati Trotting Park, Oct. 7. Flora Tennant, in trotting against Ike Cook, of Chicago, won the race for \$1,000, best three in five, in harness, in three straight heats. Time—2:27, 2:27 and 2:24—the last a half-second faster than was ever before trotted in the world. The first half-mile of the last heat was made in 1:09.

The Saturday Review of London reads Mr. Blomfield a solemn lesson for performing his duties in full view of the sublimity of Niagara, at which "anybody with a spark of feeling must be awed into a sense of his own insignificance, and bow in reverence before the majesty of Nature." Which persuing the un sentimental mind instinctively answers "Good!"
